THE ART OF FLORA
BY PHUC VAN DANG

Artist Phuc Van Dang was born in Vietnam and came to Denmark as a refugee at the age of nine. His iconic black line shows imaginative and mythical figures which merge the past, the present and the future in an artistic flow. In collaboration with Phuc and Ghana Friendship and inspired by Phuc's art, CERO & ETAGE is launching a limited collection "**The Art Of Flora**", where a part of the profit goes to the project "Fighting Child Hunger".
