Spring/Summer 2027

www.eastdrive.eu

La collezione East Drive Primavera Estate 2027 racconta un viaggio attraverso tre armonie cromatiche che interpretano la stagione con eleganza e contemporaneità. Il tema marine unisce le tonalità sky, scarlet, burro e cappuccino, arricchite da righe iconiche e dettagli dorati. Una seconda palette combina moka, nuage, bianco e curcuma, esprimendo un equilibrio raffinato tra naturalezza e luminosità. Infine, le sfumature dei beige, salvia e della cannella si accendono con il golden lime, mentre gli accessori argentati aggiungono un tocco moderno e sofisticato.

Tessuti leggeri con fibre pregiate, linee essenziali e comfort con dettagli ricercati accomunano l'intera collezione, dando vita a una proposta versatile e femminile, pensata per vivere l'estate con stile e naturale eleganza.

The East Drive Spring/Summer 2027 collection tells a journey through three colour harmonies that interpret the season with elegance and a contemporary spirit. The Marine theme combines shades of sky , scarlet, burro and cappuccino, enhanced by iconic stripes and refined gold details. A second palette blends moka, nuage, bianco and curcuma, expressing a sophisticated balance between natural tones and luminous accents. Finally, shades of beige, salvia and cannella are enlivened by golden lime, while silver accessories add a modern and sophisticated touch.

Lightweight fabrics made with premium fibres, clean silhouettes and exceptional comfort enriched with refined details unite the entire collection, creating a versatile and feminine wardrobe designed to embrace summer with style and effortless elegance.
